March 2019

Last month at the Middle School. . .

We started the month celebrating Valentine's Day and all of our friends! We made heart animals, lollipop holders, heart bouquets and so much more! Then winter vacation club came along and what a busy week that was! We played lots of games, including cookie face, which is one of our favorites! We had a great time bowling in East Greenbush, eating pizza (in our pajamas) and doing lots of fun art projects. The last week of the month was spent exploring the weather, from rainy window pictures, to painting sunshine to exploding snowballs! Messy, but fun! More news to come next month. . .

Last month at the Primary School. . .

February has been a very cold month! I decided to replace the Weather week with Health and Fitness week. Some crafts we worked on were Valentine's Day candy heart frames, "you stole a pizza my heart", glitter germ activity, and a tooth brushing activity. For health and fitness week we learned how germs spread and how to wash our hands. The children also learned some fun exercises to do! For example, monkey dance and partner clap. The children also participated in Zumba and had a blast! Recently, we have also started practicing being mindful!

Parent reminders. . .

- April tuition is due on or by Wednesday, March 20th.
- April vacation club is coming up, please visit our FB page or website for more info.
- Please make sure that your child has the proper attire for playing outside (winter coats, hats and gloves are a must, boots and snow pants if there is snow)

What's happening. . .

Week of March 4th - Staff's Favorite Books
Week of March 11th - St. Patrick's Day
Week of March 18th - The 5 Senses
Week of March 25th - Spring

Some family fun to share in. . .
